

DK LEARNING

GRADE 5

Productivity & Digital Citizenship

Level: **Developing+** • Purpose: Learn before you practise

[← BACK TO LEARNING WEBSITE](#)

In this guide

1. Productivity Tools
2. Formatting a Document
3. Sources and Plagiarism
4. Digital Citizenship
5. Organising Projects
6. Practice questions, answers and glossary

How to use this guide

Read each chapter slowly. Look at the example, then try the “Your turn” task **without copying**. Write your own notes on the lines. When you finish, answer the practice questions and check your work with the answer page. After that, open the Grade 5 activity on the website.

Learning goals

- Use word processing, spreadsheet and presentation tools for their jobs
- Explain plagiarism and how to avoid it
- Show responsible digital citizenship
- Organise projects with clear folders

Study plan

Step	What to do
1	Read the chapter and highlight key words
2	Study the worked example
3	Do the “Your turn” task on paper or on a computer
4	Write a short summary in your own words
5	Answer the practice questions, then check

Tip: Always write the source when you use someone else's information. It is honest and it is good practice for exams.

1 Productivity Tools

Productivity tools help us write, calculate, present and organise information. A word processor makes documents, a spreadsheet works with numbers in rows and columns, and presentation software makes slides.

Choosing the right tool saves time. A budget belongs in a spreadsheet, a report in a word processor and a talk in slides.

Key points

- Word processor = documents
- Spreadsheet = numbers and tables
- Presentation = slides
- Choose the tool that fits the job

Worked example

Task: record marks of 5 students -> spreadsheet

Task: write a story -> word processor

Your turn

Match each task with the best tool: a poster, a class marks table, a short essay.

Check yourself

Explain each term in your own words:

Spreadsheet

My notes

2 Formatting a Document

Good formatting makes a document easy to read. Use a clear title, headings and short paragraphs. Choose a readable font and size, and keep spacing consistent.

Do not use too many colours or fonts. Proofread for spelling mistakes before sharing.

Key points

- Use title and headings
- Readable font and size
- Consistent spacing
- Proofread before you submit

Worked example

Title: Our School Garden (18 pt, bold)

Heading: Plants We Grow (14 pt)

Text: 12 pt

Your turn

Create a one-page report with a title, two headings and a source list.

Check yourself

Explain each term in your own words:

Heading

Proofread

My notes

3 Sources and Plagiarism

Plagiarism means presenting another person's work or ideas as your own. Copying and pasting without saying where it came from is plagiarism. Instead, read, understand, write in your own words and list the source.

Pictures and music also belong to their creators, so check if you are allowed to use them.

Key points

- Do not copy and paste as your own
- Rewrite in your own words
- List your sources
- Respect creators

Worked example

Source line:

Source: National Geographic Kids, "Rainforests", 2024.

Your turn

Rewrite a short paragraph from a book in your own words and add the source.

Check yourself

Explain each term in your own words:

Plagiarism

Source

My notes

4 Digital Citizenship

Digital citizenship means behaving responsibly online. Communicate respectfully, protect privacy, verify information and report harmful behaviour.

Your digital footprint is the trail you leave online. Posts and comments can stay for a long time.

Key points

- Be respectful
- Protect privacy
- Verify before sharing
- Think about your digital footprint

Worked example

Before you share a news post:

1. Who wrote it?
2. Is it supported by other sources?
3. Could it hurt someone?

Your turn

Write five rules for being a good digital citizen.

Check yourself

Explain each term in your own words:

Digital footprint

Verify

My notes

5 Organising Projects

Projects are easier when files are organised. Create one main folder for the project and sub-folders for text, pictures and sources. Use version names such as Report_v1 and Report_v2.

Keep your folders tidy and delete duplicates only when you are sure.

Key points

- One main project folder
- Sub-folders for types
- Use version numbers
- Keep it tidy

Worked example

```
Science_Project/  
Text/  
Pictures/  
Sources/  
Report_v2.docx
```

Your turn

Turn a messy folder of 10 files into a clear structure on paper.

Check yourself

Explain each term in your own words:

Version

Duplicate

Practice Questions

Part A - Choose the best answer

1. Best tool for a table of marks?
 - A) Spreadsheet
 - B) Paint
 - C) Browser
2. Plagiarism means...
 - A) Using others' work as your own
 - B) Typing fast
 - C) Saving a file
3. Digital footprint is...
 - A) A trail of your online actions
 - B) A type of printer
 - C) A cable
4. What should you list when you use information?
 - A) Source
 - B) Colour
 - C) Speed
5. Which is good formatting?
 - A) Clear headings
 - B) Ten fonts
 - C) Tiny text
6. If you see harmful behaviour online you should...
 - A) report it
 - B) copy it
 - C) ignore always

Part B - Short answers

1. What is a word processor used for?

2. How do you avoid plagiarism?

3. Give one rule for good digital citizenship.

4. Why use version names?

Answer Page

Part A

1-A 2-A 3-A 4-A 5-A 6-A

Part B (sample answers)

1. Making documents like reports and letters.
2. Write in your own words and list the source.
3. Be respectful / protect privacy / verify information.
4. To keep track of different saved stages.

Mini glossary

Spreadsheet	Software that organises data in rows and columns
Slide	One page of a presentation
Heading	A short title for a section
Proofread	Check for mistakes
Plagiarism	Using someone else's work as your own
Source	Where information came from
Digital footprint	Data trail you leave online
Verify	Check that something is true
Version	A saved stage of a document
Duplicate	An unnecessary copy of the same file

Activity Preparation

Build a mini digital report plan and answer practical citizenship questions. Then open the Grade 5 activity.

Think before you start

- Explain one important idea from this grade in your own words.
- Give one real-life example where this topic is useful.
- What mistake could a beginner make, and how can it be prevented?
- Write the steps you will follow before starting the Grade 5 activity.

Ready checklist

- | | |
|---|--|
| ☐ I read every chapter | ☐ I tried the “Your turn” tasks |
| ☐ I understand the key terms | ☐ I checked my practice answers |
| ☐ I wrote my own notes | ☐ I am ready for the activity |
